

REMARKS

The Notice of Non-Compliant Amendment indicates that Applicants' Amendment filed July 14, 2010, in the section "Amendment to the Claims", Claim 18 included an improper status identifier. Applicants note that while Claim 18 lists its status as "Previously Presented", in fact, the status should have been "Currently Amended".

Enclosed herewith is a replacement "Amendment to the Claims" Section in which the Status Indicator for Claim 18, as well as all other claims in the subject application are correct.

In view of the above, Applicants respectfully request examination on the merits.

Respectfully submitted,
